## **INTERPRETATION OF THE ACADEMY'S AND ASSOCIATION'S BYLAWS AND ADMINISTRATIVE REGULATIONS**

The Academy's AAD and the AAD Association's Executive Director is responsible for implementing and applying the Academy's and Association's bylaws and administrative regulations. In some circumstances, questions may arise regarding the meaning, application, or interpretation of the Academy's/Association's bylaws and administrative regulations. In such circumstances, it may be appropriate for the Executive Director to consult with the Academy's/Association's President, Secretary-Treasurer and/or legal counsel. Input on an issue may also be requested through the Academy's/Association's existing committee structure or through the President's appointment of an ad hoc task force. Notwithstanding any provisions in the current edition of Sturgis, The Standard Code of Parliamentary Procedure, the Board of Directors of the Academy/Association is ultimately responsible for making the final decision on a question involving the interpretation or application of the administrative regulations.
