

FREQUENTLY ASKED QUESTIONS

MIPS 374: Closing the Referral Loop: Receipt of Specialist Report FAQs

Why can't I report this measure if I use paper records?

This measure is not reportable through claims; however, it can be reported via paper records through a registry.

As a dermatologist, do we have to report patients who were referred to us by other providers? Or does this only pertain to our referrals to other providers?

The measure is to be reported if the dermatologist is the referring provider. The measure determines if the dermatologist received a report from the provider they referred the patient to.

Do I have to report this measure every time I refer a patient?

This measure is to be reported once per performance period for all patients with a referral during the performance period for each applicable patient.

Who should send the report?

The provider to whom the patient was referred should be the same provider that sends the report.

What if I do not receive a report from the provider I referred to?

Please contact the provider and ask them to send a report.
