GROSS AND MICROSCOPIC SYMPOSIUM
S009 - Gross and Microscopic Symposium
Friday, March 03 - 9:00 AM - 5:00 PM
Room W306A

9:00 AM  **Birt-Hogg-Dubé syndrome** Jennifer Lendon, MD, University of Miami/Jackson Memorial Hospital Laura Scott, MD, University of Miami/Jackson Memorial Hospital; Javier Alonso-Llamares, MD, University of Miami

9:05 AM  **A new case of rare Clear Cell Papulosis in the United States** Caitlin Seykora, DO, SAUSHEC

9:10 AM  **A Case of Multifocal Eruptive Cutaneous Epithelioid Angiomatous Nodules** Lisa Blackwood, MS, MD, University of Illinois at Chicago Iona Chapman, MD, University of Illinois at Chicago; Milena Lyon, MD, University of Illinois at Chicago; Claudia Hernandez, MD, Rush University

9:20 AM  **A poroid neoplasm in a pediatric patient: a rare tumor in children with a peculiar combination of histologic patterns** D. Winslow Blankenship, MD, Medstar Washington Hospital Center Megan Jamison, MD, Medstar Washington Hospital Center; Florencia Anatelli, MD, MidAtlantic Pathology Services, an Aurora Diagnostics Partner; Anna Kirkorian, MD, Children's National Health System

9:25 AM  **Diffuse Dermal Reactive Angiomatosis Secondary to an iatrogenic Arteriovenous Fistula** Zachary Wolner, BA, Memorial Sloan Kettering Cancer Center Klaus Busam, MD, Memorial Sloan Kettering Cancer Center; Christopher Barker, MD, Memorial Sloan Kettering Cancer Center; Michael Marchetti, MD, Memorial Sloan Kettering Cancer Center

9:30 AM  **Linear IgA** Brian Thomas, MD, Vanderbilt University Medical Center Jami Miller, MD, Vanderbilt University Medical Center

9:35 AM  **DRESSed to the lines: A complicated case of drug-induced linear IgA bullous dermatosis** Kara Hoverson, MD, Walter Reed National Military Medical Center Rachel Cunningham, MD, Walter Reed National Military Medical Center; Jon Meyerle, MD, Walter Reed National Military Medical Center

9:40 AM  **Epidermolysis bullosa pruriginosa masquerading as longstanding recalcitrant prurigo nодularis** Kelly Koenig, MD, University of Missouri

Fernandez, MD, University of Missouri; Kara Braudis, MD, University of Missouri

9:45 AM  **Extramedullary plasmacytoma in the setting of relapsing multiple myeloma** Sara Hogan, MD, MHS, Cleveland Clinic Foundation Omer Ibrahim, MD, SkinCare Physicians; Allison Vidimos, RPh, MD, Cleveland Clinic Foundation; Jehad Hariri, MD, King Abdul-Aziz University Hospital; Melissa Piliang, MD, Cleveland Clinic Foundation

9:55 AM  **A Case of Contemporary Lymphoma: Cutaneous T Cell Lymphoma and Follicular B-cell Lymphoma** Ashley D. Brown, MD, Medical College of Georgia at Augusta University Loretta S. Davis, MD, Medical College of Georgia at Augusta University

10:00 AM  **IRIS due to Harvoni** Aimee Coscarart, MD, Tulane University Cather McKay, MD, Tulane University; Andrew Joselow, MS IV, Tulane University; Howard Ragland, MD, Tulane University

10:05 AM  **A Racquetball Inside a Water Balloon: A Rare Variant of a Common Cutaneous Nodule** Yizhen Liu, BS, Uniformed Services University of Health Sciences Ryan Freeland, MD, Uniformed Services University of Health Sciences

10:10 AM  **A case of cutaneous focal bilirubin deposition in a male patient with jaundice** AFZAAL AHMED BIN JAMEEL, NANJIING MEDICAL UNIBERSITY JI PING XIA, NANJIING MEDICAL UNIBERSITY

10:15 AM  **Clinical and histopathologic features of transition from borderline lepromatous leprosy to erythema nodosum leprosum (ENL)** Allen Ho, MD, PhD, Harvard Combined Dermatology Residency Program Kristina Liu, MD, Harvard Combined Dermatology Residency Program; Drew Kurtzman, MD, Brigham and Women's Hospital, Department of Dermatology; Joanie Pinard, MD, Brigham and Women's Hospital, Department of Dermatology; George Murphy, MD, Brigham and Women's Hospital, Department of Pathology; Jennifer Lin, MD, Brigham and Women's Hospital, Department of Dermatology; Mital Patel, MD, Brigham and Women's Hospital, Department of Dermatology; Ruth Ann Vleugels, MD, Brigham and Women's Hospital, Department of Dermatology

10:20 AM  **Two Cases of Linear Lumbar Localized Elastolysis** Alexander Hicks, East Tennessee State University, James H. Quillen College of Medicine Stuart Leicht, MD, East Tennessee State University, Division of Dermatology; George Youngberg, MD, East Tennessee State University, Department of Pathology; Sara Shalin, MD, PhD, University of Arkansas for the Medical Sciences;
11:20 AM  **Hypopigmentation in scarring alopecia as a diagnostic feature** Jessica Lin, University of California, Irvine; Michele van Hal, MD, University of California, Irvine; Manuel Valdebran, University of California, Irvine

11:25 AM  **Junctional Epidermolysis Bullosa with Pyloric Atresia: Report of a Case with Promising Clinical Results**

Lauren Ko, BA, M.Ed,  Harvard Medical School
Elizabeth Wallace, MD, Massachusetts General Hospital; Johanna Song, MD, Massachusetts General Hospital; Peter Masakos, MS, MD, FACS, FAAP, Massachusetts General Hospital; Rosalynn Nazarian, MD, Massachusetts General Hospital; Daniela Kroshinsky, MPH, MD, Massachusetts General Hospital

11:30 AM  **In vivo optical imaging for diagnostic and prognostic indices in alopecia** Michele Van Hal, MD, University of California Irvine; B.S., University of California Irvine; Manuel Valdebran, M.D., University of California Irvine

11:35 AM  **Disseminated Lyme disease with interface dermatitis-like histopathology** Haoming Xu, Memorial Sloan Kettering Cancer Center
Travis Hollmann, MD, PhD, Memorial Sloan Kettering Cancer Center; Michael Marchetti, MD, Memorial Sloan Kettering Cancer Center

11:40 AM  **Giant Cutaneous Horn Arising from a Verruca: Are Unicorns Real?** Julia Schwartz, MD, George Washington University Department of Dermatology
Adam Friedman, MD, George Washington University Department of Dermatology

11:45 AM  **Cutaneous Involvement in Disseminated Cryptococcosis**

Karl Saardi, MD, Washington Hospital Center/Georgetown University Hospital Maura Caufield, MD, Washington Hospital Center/Georgetown University Hospital; Helena Pasieka, MD, Washington Hospital Center/Georgetown University Hospital; Lorena Dollani, MD, Washington Hospital Center/Georgetown University Hospital

11:50 AM  **MRSA Presenting as Small Intracellular Organisms in a Patient with Multiple Myeloma**

Kerry Heitmiller, BA, University of Maryland School of Medicine
Johanna Sheu Song, MD, Harvard Combined Dermatology Program; Elizabeth Brezinski Wallace, MD, Harvard Combined Dermatology Program; Olga Vitalieva Nikolskaia, MD, Massachusetts General Hospital; Lyn Mcdivitt Duncan, MD, Massachusetts General Hospital; John Alan Branda, MD, Massachusetts General Hospital; Steven T. Chen, MD, MPH, Massachusetts General Hospital; Daniela Kroshinsky, MD, MPH, Massachusetts General Hospital
11:55 AM  Disseminated Acanthamebiasis with Granulomatous Amebic Encephalitis Laurena Guggina, MD, Northwestern McGaw Hospital Jennifer Choi, Northwestern McGaw Hospital; Kassandra Holzem, Northwestern McGaw Hospital

12:00 PM  Disseminated fusariosis with cutaneous lesions in two patients with acute lymphoblastic leukemia Morgan Covington, University of Chicago Medical Center Juliana Jingyun Gao, MD, University of Chicago Medical Center; Farah Abdulla, MD, University of Chicago Medical Center

12:05 PM  Demodex Associated Follicular Spicules with Negative PCR for Trichodysplasia Spinulosa Polymavirus Mckissack, MD, Dermatology Resident Patrick Brown, MD, SAUSHEC; Wendi Wohltmann, MD, SAUSHEC; Richard Wang, MD, PhD, University of Texas Southwestern

12:10 PM  A Quick Bedside Diagnosis of Herpes Infection using Reflectance Confocal Microscopy Tara Bronsick, MD, Robert Wood Johnson Medical School Shahram Shafi, MD, Robert Wood Johnson Medical School; Attiya Haroon, MD PhD, Robert Wood Johnson Medical School; Babar Rao, MD, Robert Wood Johnson Medical School

12:15 PM  Case of Chordoma Cutis Following Recurrence of L3 Chordoma Kylee N. Crittenden, DO, OhioHealth O’Brieness Hospital Austin Longberg, DO, OhioHealth O’Brieness Hospital; Shannon C. Trotter, DO, Ohio State University; Sara B. Peters, MD, PhD, Ohio State University

12:20 PM  Mycosis Fungoides in Adult Female Identical Twins with Turner Syndrome Lauren Keller, DO, Hackensack University Medical Center at Palisades campus James Briley, DO, Hackensack University Medical Center at Palisades campus

12:25 PM  Bullous cutaneous angiosarcoma of the head and neck Liezel Griffin, MBBS, University of Manchester Tamara Griffiths, MD, University of Manchester; Rebecca Brooke, MD, University of Manchester

12:30 PM  A presentation of a rare cutaneous Null Cell Lymphoma with a clinical phenotype of cytotoxic T-cell lymphoma Neal Kumar, MD, MBA, Rush Michael Tharp, MD, Rush

12:35 PM  Folliculotropic mycosis fungoides with large cell transformation: A case report and review of the literature. Rosanne Paul, DO, University Hospitals Case Medical Center Ashley Feneran, DO, University Hospitals Case Medical Center; Kevin Cooper, MD, University Hospitals Case Medical Center; Case Western Reserve University

12:40 PM  Papillomatous Mycosis Fungoides Presenting as Inflamed Seborrheic Keratosis Timothy Almazan, MD, Stanford University Sarah Sheu, MD, Stanford; Julia Dai, MD, Stanford; Ziba Rahbar, MD, Stanford; Ursula Lang, MD, Stanford; Danielle de Stefano, MD, Stanford; Roberto Novoa, PhD, Stanford; Yoon Kim, MD, Stanford

12:45 PM  An Unusual Presentation of Kaposi’s Sarcoma Christina Steinmetz-Rodriguez, DO (OSTEOPATHIC RESIDENT), Palm Beach Consortium for Graduate Medical Education/ JFK North Hospital

12:50 PM  An Unusual Case of Indolent Primary Cutaneous Gamma-Delta T-cell Lymphoma Thomas Lee, MD, George Washington University Joan Guitart, MD, Northwestern University; Cynthia Magro, MD, Cornell University; Nicola Bravo, MD, George Washington University; Michael Gagnier, MD, George Washington University; Sylvana Tuur-Saunders, MD, George Washington University; Brandon Mitchell, MD, George Washington University

12:55 PM  Primary cutaneous anaplastic large cell lymphoma presenting as eruptive pustules and a suppurative plaque William Sipprell, MD, University of Rochester Medical Center Mary Gail Mercurio, MD, University of Rochester Medical Center; Glynis Scott, MD, University of Rochester Medical Center

1:00 PM  Annular rash in a three week old male Allison Paine, MD, Penn State Hershey Medical Center Galen Foulke, MD, Penn State Hershey Medical Center; Michael Joffreda, MD, Penn State Hershey Medical Center

1:05 PM  Juvenile xanthogranulomas masquerading as recurrence of Langerhans cell histiocytosis Ata Moshiiri, MD, MPH, Hospital of the University of Pennsylvania Amanda Moon, MD, Drexel University School of Medicine; Adam Rubin, Hospital of the University of Pennsylvania; Leslie Castelo-Soccio, MD, PhD, Children’s Hospital of Philadelphia

1:10 PM  Pediatric Erythrodemic Febrile Uneronecrotic Mucha Habermann Disease (FUMHD): a rare dermatologic emergency Avery LaChance, MD, MPH, Harvard Combined Dermatology Residency Lauren Straussala, MD, Harvard Combined Dermatology Residency; Lyn Duncan, MD, Massachusetts General Hospital; Daniela Kroshinsky, MD, MPH, Massachusetts General Hospital

1:15 PM  Three-Month-Old Boy with Acutely Progressive Blistering Rash Caitlin Peterman, BS, Boston Children’s Hospital and Tufts University School of Medicine Valerie Carlsberg, MD, Boston Children’s Hospital and Harvard Medical School; Avery LaChance, MD, MPH, Boston Children’s Hospital and Harvard Medical School; Birgitta
1:20 PM  **Primary cutaneous Rhizomucor infection at an IV site in an immunocompromised infant** Colleen Cotton, MD, University of Arizona Division of Dermatology; Keliigh Culpepper, MD, N/A; Robert Segal, MD, University of Arizona Division of Dermatology

1:25 PM  **Photodocumentary of the pre-biopsy evolution of Spitzoid melanoma in a young child** Diana W. Bartenstein, Harvard Medical School, Massachusetts General Hospital; Tufts University School of Medicine; Johanna Sheu Song, M.D., Harvard Medical School, Harvard Combined Dermatology Residency Training Program; Rosalynn M. Nazarian, M.D., Harvard Medical School, Massachusetts General Hospital; Elena B. Hawryluk, M.D., Ph.D., Harvard University; Massachusetts General Hospital, Boston Children's Hospital

1:30 PM  **A classic case of febrile ulceronecrotic Mucha-Habermann disease** Kaiane Habeshian, MD, Medstar Georgetown/Washington Hospital Center; Kyle Cheng, MD, Medstar Georgetown/Washington Hospital Center; Anna Yasmine Kirkorian, MD, Children's National Health System; Kalyani Marathe, MD, MPH, Children's National Health System

1:35 PM  **Systemic lupus erythematosus presenting with an annular eruption and proteinuria in a 4-year-old female** Jordan Heskett, MD, Indiana University School of Medicine; Anita Haggstrom, MD, Indiana University School of Medicine; Elliot Androphy, MD, Indiana University School of Medicine

1:40 PM  **Nail unit melanoma masquerading as a benign chondroid neoplasm** Brett H. Keeling, MD, Dell Medical School at the University of Texas at Austin; Anthony Soldano, MD, Dell Medical School at the University of Texas at Austin; Brent Talbott, MD, Dell Medical School at the University of Texas at Austin; Timothy Kolda, MD, Dell Medical School at the University of Texas at Austin; Sanjay Sharma, MD, Dell Medical School at the University of Texas at Austin

1:45 PM  **Cloaked in Fungus: Onychomycosis and unexpected nail unit melanoma in-situ diagnosed after routine nail clipping** Caroline Nelson, MD, University of Pennsylvania Department of Dermatology; Jules Lipoff, MD, University of Pennsylvania Department of Dermatology; Christopher Miller, MD, University of Pennsylvania Department of Dermatology; Adam Rubin, MD, University of Pennsylvania Department of Dermatology

1:50 PM  **Blue nevus with satellitosis clinically mimicking malignant melanoma** Matthew Strauburg, MD, Indiana University School of Medicine; Nidhi Avashia-Khemka, MD, Indiana University School of medicine

1:55 PM  **Melanoma with rhabdomyosarcoma-like differentiation responding to radiation and anti-PD-1 antibody immunotherapy** Meghan Beaton, BS, The George Washington University School of Medicine and Health Sciences; Jasbir Johal, MD, Inova Pathology Institute; Jeff Harvell, MD, Inova Pathology Institute; Sekwon Jang, MD, VCU School of Medicine; Suraj Venna, MD, Inova Schar Cancer Institute

2:00 PM  **Cutaneous Acanthamoebiasis in an Immunocompromised Host** Allison Kutner, MD, Montefiore Medical Center; Blair Murphy-Chutorian, Montefiore Medical Center; Bijal Amin, MD, Montefiore Medical Center; Ronan Mann, Montefiore Medical Center

2:05 PM  **An Unusual Case of Brittle Nails** Laura C. Cleary, MD, Medical College of Georgia at Augusta University; India Ashton Miller, MD, Medical College of Georgia at Augusta University; Steven M. Kent, BS, Medical College of Georgia at Augusta University; Jake E Turrentine, MD, Medical College of Georgia at Augusta University

2:10 PM  **Are you a Lumper or a Splitter? Necrobiosis Lipoidica-like and Sarcoidal Granulomatous Dermatitis in a Patient with Systemic Sarcoidosis** Brianna Castillo, BS, USF Department of Dermatology and Cutaneous Surgery; Julia Shwartz, George Washington University Department of Dermatology; Adam Friedman, MD, George Washington University Department of Dermatology

2:15 PM  **With a dermatologist’s eye, a leg up on diagnosis: a case of sclerodermod skin changes induced by pemetrexed** Benji Perin, BA, University of Washington School of Medicine; Jennifer Gardner, MD, University of Washington Division of Dermatology

2:20 PM  **A rare case of metastatic endocrine mucin-producing sweat gland carcinoma (EMPSGC) with associated mucinous carcinoma and CD8+ cytotoxic T-cell lymphoma** Bridget McIlwee, DO, University of North Texas Health Science Center; Joseph Susa, DO, Cockrell Dermatopathology; University of Texas Southwestern Medical Center

2:25 PM  **A case of paraneoplastic elastosis perforans serpiginosa associated with ovarian malignancy** Catherine Quinlan, MB Bch BAO, Mater Misericordiae University Hospital; Dublin Jennifer Bogg, Connolly Hospital, Blanchardstown, Dublin; Megan Finan, Mater Misericordiae University Hospital, Dublin; Niall Mulligan,
3:20 PM Azathioprine hypersensitivity syndrome presenting as a photo-distributed eruption Elizabeth Jones, MD, Resident; Christiana Ring, Medical Student TJUH; Sherry Yang, MD, Clinical Instructor TJUH

3:25 PM An Unusual Case of Post-Chikungunya Rheumatic Disease in a 13 year-old Boy Erin Landis, MD, Wake Forest School of Medicine Department of Dermatology Lindsay Strowd, MD, Wake Forest School of Medicine Assistant Professor

3:30 PM Pruritic Blisters Induced by Treatment of Metastatic Renal Cancer with Nivolumab Mi Hye Song, Texas Tech University School of Medicine Ashley Sturgeon, MD, Texas Tech University School of Medicine

3:35 PM Lymphoma en cuirasse in a Pediatric patient Yesul Kim, BS, Penn State Hershey Medical Center Galen Fouke, MD, Penn State Hershey Medical Center; Catherine Chung, MD, Penn State Hershey Medical Center

3:40 PM Bullous Dermatomyositis: a rare sign of underlying malignancy and poor prognosis Jose E. Ollague, MD, Geisinger Medical Center Jose M. Ollague, MD, Centro Deramtológico; Carlos H. Nousari, MD, DermPath Diagnostics; Ferringer Tammie, MD, Geisinger Medical Center

3:45 PM Paraneoplastic octogenarian-onset HSP precipitated by radiation therapy of laryngeal squamous cell carcinoma Lindsey Fix, MD, Columbia University- New York Presbyterian Hospital Marc Grossman, MD, Columbia University

3:50 PM Bartonella Endocarditis Associated ANCA Vasculitis: The Great Masquerader Rachel Marks, MD, Augusta University Adel Haque, BS, Augusta University; Loretta Davis, MD, Augusta University

3:55 PM Painful nodule arising in a red tattoo Sanna Ronkainen, MD, University of Minnesota Sara Hylwa, MD, Hennepin County Medical Center

4:00 PM Livedo reticularis: A helpful clue in the diagnosis of intravascular large B-cell lymphoma Samuel Ecker, DO, Larkin Community Hospital Andrew Jensen, DO, Larkin Community Hospital; Stanley Skopit, DO, MSE, FAOCD, FAAD, Larkin Community Hospital; Laszlo Karai, MD, PhD, Nova Southeastern University College of Osteopathic Medicine, Florida International University College of Medicine Adjunct Faculty; Carlos Ricotti, MD, FAAD, Nova Southeastern University College of Osteopathic Medicine, Florida International University Herbert Wertheim College of Medicine Adjunct Faculty; Fracisco Kerdel, MD, FAAD, Larkin Community Hospital
4:05 PM  A Case of Rowell Syndrome with Recurrence from Photo Exacerbation Emily Behrens, MD, Texas Tech University Health Sciences Center Natasha Klimas, MD, Texas Tech University Health Sciences Center; Ashley Sturgeon, MD, Texas Tech University Health Sciences Center; Cloyce Stetson, MD, Texas Tech University Health Sciences Center

4:10 PM  Baboon Syndrome Secondary to Methamphetamine Use Emily Kollmann, DO, AT Still University Nathan Cleaver, DO, AT Still University

4:15 PM  Periocular cutaneous oncocytoma – A case report. Stephanie Menzies, MB BCh BAO (Hons.) MRCPI, Stephanie Menzies, MB BCh BAO (Hons.) MRCPI Paul Hartel, Sligo University Hospital, Ireland; Dermot McKenna, Sligo University Hospital, Ireland

4:20 PM  Cutaneous and then systemic sarcoidosis associated with pulmonary hypertension secondary to recurrent emboli Maria-Angeliki Gkini, MD, MSc, PhD, Department of Dermatology, Barts Health NHS Trust , London, UK Jonathan Kentley, Department of Dermatology, Barts Health NHS Trust , London, UK; Anthony Bewley, Department of Dermatology, Barts Health NHS Trust , London, UK

4:25 PM  Atypical Galli-Galli Disease as a clinical mimic of Grover disease Gloria Lin, MS, Hofstra Northwell School of Medicine Erin Wilmer, MD, Warren Alpert Medical School of Brown University , Department of Dermatology; Todd Vinovrski, MD, N/A; Leslie Robinson-Bostom, MD, Warren Alpert Medical School of Brown University; Anita Pedvis-Leftick, MD, RI Hospital

4:30 PM  Eeyore tattoo and Tigger too: Systemic contact dermatitis presenting as red decorative tattoo reactions triggered by a metallic surgical implant Hana Cobb, University of Washington School of Medicine Jennifer Gardner, MD, University of Washington Medical Center

4:35 PM  Immunoglobulin G4-Related Disease Presenting with Alopecia Paul Hoelsly, MD, Mayo Clinic, Florida Jason Sluzevich, MD, Mayo Clinic, Florida

4:40 PM  A Case of Lipedematous Scalp Luke Johnson, MD, Texas Tech University Health Sciences Center Alex Chau, MD, Texas Children's Hospital; Cameron West, MD, Texas Tech University Health Sciences Center; Soo Jung Kim, MD, PhD, Baylor College of Medicine

4:45 PM  Which came first – the Zoster or the Morphea? Jennifer Aronica, MD, MS, George Washington University Julia Schwartz, MD, George Washington University; Terrence Keaney, George Washington University

4:50 PM  Lichenoid Graft-Versus-Host-Disease: The case of a Pityriasis Rosea Mimicker. Jenna Wald, MD, Albert Einstein College of Medicine Michael Casey, MD, Albert Einstein College of Medicine; Bijal Amin, MD, Albert Einstein College of Medicine; Ranon Mann, MD, Albert Einstein College of Medicine

4:55 PM  A common association of a rare disease Jessica Sempler, MD, University of Utah Jamie Zussman, MD, University of Utah
